NEW CLUB SIGN—Cameron Kiwanians study their new meeting place sign recently emplaced. The group meets each Thursday at noon. Members looking on are: (kneeling) Jack Tumlinson and Billy Peck; (front standing from left) Gene Kirk, Coleman Duncum, James Fridstein and Club President Robert Nelson. (Back row, from left) Chief George Johnson, Ed Manning, Wiley Loughmiller, John Florida, The Rev. Walter Grimes and Forest Sapp.

Coaches To Run Swimming Pool During Summer

The City Council Tuesday night approved a bid for summer management of the Cameron Swimming Pool from YHS Coaches Murphy Webster and James Speer and heard a progress report on the city filtration construction program.

A Joe J. Rady representative told the council that Graham Construction Co. will finish about 30 days ahead of schedule on the sewage plant if all equipment is complete. He said that the filtration plant will go into operation this month.

Councilmen heard Dr. David Shapiro, city health officer, read a list of 11 homeowners still not connected to sewage lines in Cameron.

The council voted to postpone acceptance of bids for leasing about 20 acres of property east of Cameron until a calendar year arrangement is set up. Woodson Sanders was high bidder for the land with a $162 bid for a one-year lease.

Also considered was a septic tank problem at the City Airport and approved was a $500 measure for cabinets and a water cooler in the new filtration plant office. The money would be reimbursed to the city by contractors when $500 worth of sodding was eliminated from the contract.

The council also approved the city election results polled Tuesday.

Cameron Entry Gets To Contest Finals

Homemakers from Belton, Cameron, Robinson, Temple and Waco have qualified to compete in the Waco regional finals of the 1958 Mrs. America contest, according to an announcement by R. H. Gray of Waco, South Texas regional manager for Lone Star Gas Company.

The contestants are: Mrs. William M. Webster Jr., 1704 North Cleveland, Cameron; Mrs. O. M. Ramsey, Waco; Mrs. Brant L. Smith Jr., Waco; Mrs. James H. Russell, Belton; Mrs. Frances L. Hatcher Robinson; and Mrs. Mary E. Curl, Temple.

The regional contest will be held Thursday, April 3, in the Raleigh Hotel in Waco. J. B. Reese, regional sales and promotion manager for Lone Star, will be master-of-ceremonies and Mayor Truett K. Smith of Waco will place a jeweled crown upon the head of the winning contestant.

Contest Judges

The judges are Mrs. Maurine McNall, consultant, home and family life, Waco public schools; William W. Taylor, president of the Waco Association of Home Builders; Miss Marie Tribble of College Station, extension foods and nutrition specialist, Texas Agricultural Extension Service, and Mrs. Laura Morrow, professor of home economics at Baylor University.

The six contestants were chosen from dozens of entries from Lone Star's South Rexas Region of some 115 cities and towns from Kerrville and Bryan north to Waxahachie. Their selection was in accordance with standards set up by the national Mrs. America contest committee.

Winner of the Waco contest will be awarded an automatic gas range and each of the five runners-up will receive a silver cookie tray. The winner will compete April 13-15 in Galveston against numerous other top homemakers of the state for the 1958 Mrs. Texas crown.

Five Other Entered

Five of these contestants will

Mrs. Patsy Webster

represent Lone Star's operating territories and the others will come from towns and cities served by the Southern Union Gas Company, Houston Natural Gas Company and the United Gas Company.

Mrs. Texas and her husband will be given an all expenses paid trip to the national finals at Fort Lauderdale, Florida, where she will compete May 1-13 with homemaking champions from the 47 other states and the District of Columbia for the Mrs. America title. She will also receive numerous merchandise prizes.

Voters Cast 1,200 Ballots In Near-Record Turnout

Almost 1,200 Cameron voters Tuesday elected Bassel Wilson mayor, Sam Houston councilman for Place 2 and re-elected Roy Griffith councilman, Place 1.

Wilson won by 22 votes over O. B. Harden with the vote 600 to 578. He will succeed Mayor Robert Weems who was defeated by Griffith in the Place 1 race.

Griffith received 613 votes to Weems' 537. Weems had withdrawn from the mayor's race to file for the council post.

In the three candidate Place 2 race, Houston garnered 445 votes while Coleman Duncum received 382. W. A. L. Robinson received 291 votes.

Council Approves Return

City Councilmen Tuesday night approved the election returns following the final tally. Polls closed at 7 p.m., and election officials spent about two hours counting all votes in the near-record poll.

Total votes cast numbered 1196, including 126 absentee ballots.

City officials said the record city vote was in 1951 when more than 1,300 votes were counted.

The three new city officers will be installed in two weeks, Tuesday, April 15, officials said.

Both Griffith and Weems extended their appreciation to the voters of Cameron for their support during the race.

For Eighth Term

Griffith said he was re-elected for his eighth term as councilman.

The new city executives will join incumbents Richard Moseley Lincoln Mondrik and Hayden Lawrence on the council.

Total city poll taxes paid this year were about 950, City Secretary Wayne Wieser said. A large number of voters over 60 who are not required to register to vote ran the vote beyond the city poll tax total, he said.

4 Candidates Seeking Posts On School Panel

A second election this week will determine three school board positions in the Cameron school district.

Candidates are Dr. Gus Evans, Jr., incumbent H. B. Pressley, Milton Schiller and incumbent Max Howard. Pressley is present president of the board and Howard is board secretary.

Voting will be conducted Saturday at Yoe High School Gymnasium, Supt. Wiley Loughmiller said. The poll will be open from 8 a.m. to 7 p.m. Saturday.

Board Vice-President Earl Curtis is not running for re-election. Other present board members are Dr. David Shapiro, Mrs. Lucille Monroe, F. W. Vogelsang and Don Humble.

Filing deadline for candidates was March 6, Secretary Howard told The Herald.

Chairmen List Drive Campaign For Cancer Fund

Alvin Nolte and Dean White, co-chairmen of the Milam County drive for the American Cancer Cancer Society have announced plans for a fund drive this motnh.

The drive will include a special collection April 12 by Boy and Girl Scouts and other plans for raising the amount of contributions to the Cancer fund.

"We are hoping to go way beyond contributions last year," Nolte said. "We can never give too much to a drive like the American Cancer Society which is doing a tremendous job of research in seeking cures for cancer."

White pointed out that April is Cancer Control Month and that cancer is the number two disease killer in the United States today.

"The American Cancer Society believes science can and will find the answer to cancer," White continued, "but two things are needed .....time and the tools for research."

The national goal during the 1958 Cancer fund drive is $30 million. Cameron and Milam County workers will be among two million volunteers working during the drive.

Members of local Boy and Girl Scout units will solicit funds for the cancer drive in mid-April, Nolte reminded.

"We would like to help give the 1958 drive a big assist in Cameron and North Milam County," Nolte said.

"If our researchers can continue to get support as those working on polio did, they will eventually find a cancer cure. It took 18 years and nearly half a billion dollars to come up with the Salk vaccine, be concluded.

Mrs. Anna Mondrik Dies In Cameron; Services Friday

Rosary was recited 7:30 p.m. Friday for Mrs. Anna Mondrik, 74, at Marek-Burns Funeral Home who died March 26.

Funeral services were held 9:30 a.m. Saturday at St. Monica Catholic Church with the Rev. George Duda and the Rev. Alfred Kallus officiating. Burial was in St. Monica Cemetery.

Mrs. Mondrik died March 26 at her home, 100 N. Nolan.

Born March 3, 1884, in Europe, she had been a resident of Cameron for the past 40 years and was a member of SPJST lodge.

Survivors include one son, Lincoln Mondrik of Cameron; a daughter, Mrs. Helen Marak, Velasco; one brother, Albert Kutnak of Cameron; three sisters, Miss Amelia Kutnak, Cameron, Mrs. Frank Valka, Cameron and Mrs. Rosie Valka of Temple; six grandchildren and one great grandchild.

Pallbearers were Jerry Mikula, Frank Richter, Sr., Frank Polansky, August Kunz, Ralph Michalka, William Balhorn, Frank Tomek, and Jerome Darilek.

Ministers Set Good Friday Services For April 4 Here

Seven Cameron ministers will lead city-wide Good Friday services Friday, April 4, at the First Methodist Church, Cameron.

Services will continue from noon until 3 p.m.

Officials asked that worshipers enter or leave the continuous service during singing of hymns or intermissions.

To Close Doors

Most Cameron businesses will close during the noon-3 p.m. services to allow employees an opportunity to attend.

The service will be highlighted by mediations and pastoral messages centering around the seven last words spoken by Christ on the cross.

The Rev. E. J. Davis, pastor of the First Methodist Church, will lead the call to worship and invocation followed by the Rev. Richard J. Bradshaw, vicar of All Saint's Episcopal Church, reading scriptures and meditations.

The Rev. James Henderson, pastor of Battetown Baptist Church, will continue the program of meditation termed "Authority at the Cross." The Rev. B. L. Laughlin, pastor of the Assembly of God, will lead a portion of the service entitled "Remembrance at the Cross."

Submission Topic

Following will be the Rev. Walter Grimes, pastor of the First Christian Church, leading devotions on "Submission at the Cross." The Rev. Floyd Hawkins, pastor of the Church of the Nazarene, will follow with scripture and meditation on Christ's "Suffering at the Cross."

"Victory at the Cross" will be the portion of the Good Friday program led by the Rev. H. N. Bowley, pastor of the Gospel Tabernacle. The Rev. Aubrey F. Russell will conclude the three-hour program with "Confidence at the Cross."

Herald Marks Anniversary In This Issue

This issue of The Cameron Herald marks the 99th birthday of Milam County's oldest business and newspaper.

The Herald now ranks as one of the oldest newspapers in the state of Texas and probably the oldest in Central Texas.

But The Herald was not the original title of this newspaper. It was first published as The Cameron Centinel, begun in 1860 by a 29-year-old Missourian, John A. Moore.

The Centinel was published in 1877-1881 by B. n Cammer.

The Herald was born in 1881 when James B. Moore purchased The Centinel and changed the name. The weekly Herald has been published under that masthead up to the present.

Doctors and a minister as well as trained newspapermen published the early Herald. Drs. C. W. McCune and Thomas Pope bought the paper in 1886 from Moore. Then they sold it to Oscar Fides McAnally and the Rev. James Peeler. The pastor later sold his interest.

Co-publishers W. A. Bowen and W. P. Stevenson owned the paper from 1906 to 1914. B. H. Terrell owned The Herald for six years until selling to J. B. White who published the newspaper for 31 years.

THOUGHT FOR TODAY

Today's Text: Ho, every one that thirsteth, come ye to the waters, and he that hath no money; come ye, buy and eat.—Verse 1

Come thou afresh into these thirsty lives of ours, O Lord, and bless us with thy water of life.

Proclamation

WHEREAS, The City of Cameron desires to cooperate in promoting the spiritual well-being of the citizens of Cameron and,

WHEREAS, Good Friday promulgates the spiritual growth and interests of all people of Cameron during Easter Week and

WHEREAS, it is the custom of Cameron businesses to close during this three-hour period each Good Friday in the best interests of religious development of employees and employers alike, now,

THEREFORE: I, Robert Weems, Mayor of the City of Cameron, Texas, hereby proclaim noon to 3 p.m. Friday, April 4, a special period of worship on Good Friday and commend to the people of Cameron attendance at Good Friday services and church services during Easter, 1958.

City Lutherans Buy Location For Church

The Rev. L. R. Krout, pastor of Trinity Lutheran Church, announced that the congregation has purchased the former Moore residence on the Southeast corner of 7th and Travis from Roy Barmore.

The Lutheran Church, Missouri Synod has been holding services in Cameron for over 30 years, but was not officially organized until May 1957.

The congregation has been using the Milam Theater as a temporary place of worship since its organization in 1957.

Rev. Krout stated that "athough remodeling has not been completed, we have decided to hold our first service in our new home Easter Sunday. We feel that it is significant that with the thought of Easter reminding us of new life we as a congregation should also begin our new life in our new quarters."

Remodeling of the interior has begun for a chapel in the southeast portion of the house and plans for its completion and a dedication of the building have been set for late in May.

Rev. Krout has been serving as pastor of the Rosebud church as well as Trinity Lutheran since August of last year. He is a graduate of Concordia Seminary in St. Louis, Missouri, and a native of Michigan.

The congregation has extended an invitation to the public to attend worship services, beginning at 8:30 a.m. and Sunday School at 9:30 a.m.

FHA Lists Expansion In Farm Loan Program

An expanded farm housing loan program designed to speed up farm building construction improvement as well as act as an additional anti-recession measure, was announced today by Walter T. McKay, Farmers Home Administration State Director, according to Roy M. Wright, local County Supervisor.

Now an owner of a farm in agricultural production and on which the operator plans to produce at least $400 worth of farm commodities for sale or home use may qualify for the 4 percent long-term housing loan provided he meets other standard eligibility requirements.

Formerly an eligible applicant had to own a farm that produced a more substantial part of the operator's annual cash income.

Loans may be made to build, improve, or repair farm houses and to provide water for farm or other essential farm buildings, stead and household use.

Wright said that in addition to financing major construction, the loan funds can help meet many other needs for farm and farm home modernization such as adding bathrooms, utility rooms, better kitchens, and many other improvements to the home as well as to farm service buildings.

While tenants and farm laborers are not eligible, the owner may borrow to do the construction work or make improvements for them.

The loans are made to farm owners who need credit to finance building improvements or repairs, but find that adequate credit is not available through banks or other regular credit channels. The interest rate is 4 percent and loans may be amortized over periods up to 33 years.

Eligibility for loan assistance is determined by the three-member County Home Administration Committee, and applications are now being accepted at the FHA County Office in the Henderson Building in Cameron.

2nd Winner Listed In Coloring Contest

Winners in last week's Easter coloring contest included two from Cameron and two from Cameron routes.

First place winner was Glenda Beth Fuller, 7, of 1511 N. Travis St., the daughter of Mr. and Mrs. A. Z. Fuller.

She will receive her first-place prize this week from Burke's Variety Store.

Other winners were: second, Brenda Holland, 8, of 310 N. Bowie, daughter of Mr. and Mrs. C. E. Holland; third, Charlene McDermott, daughter of Mr. and Mrs. Charles E. McDermott, Route 2, Cameron; and Wanda Spells, 5, of Route 1 Cameron.

The weekly Easter Coloring Contest is being co-sponsored by Burke's Variety, Caperton 5 & 10, Burris-Moseley, Inc. and Duke and Ayres, all Cameron variety stores.

The third and final coloring panel appears in the classified page of The Herald this week Rules of the contest for contestants 4 to 8 years of age accompany the panel.

Entries are due in by 3 p.m. Saturday, April 5 at any of the sponsoring stores. Contestants should be sure and put their name, age and address on all entries.

Prizes include Easter bunnies, candy and baskets.

Rev. Duda Announces Easter Week Services

Fruit Growers Watch Late Turn Of Spring

By J. D. Moore, County Agent

Texas fruit growers are eyeing a late spring with mixed emotions. It has given them the prospect of a large fruit crop undamaged by late freezes for the first time in several years.

On the other hand it has delayed the bloom on both peach and plum trees to such an extent that the fruit may ripen late and result in marketing problems at harvest time. We experienced an excellent winter from the standpoint of accumulating cold hours to break the dormacy of our fruit trees.

The weather records of the Texas Agricultural Experiment Station shows that Montague accumulated 1503 hours below 45 degrees from October through February. Regardless of how well and completely the rest period of fruit trees is broken it still takes some warm weather to bring them into bloom. The truth is there have been almost no warm days in February or March.

Worms In Peaches, Plums

Extensive damage to peaches and plums is caused by the plum curculio. The adults eat holes in the fruit as they feed and deposit eggs, which provide entry for brown rot fungus and produce catfacing on peaches similar to that caused by stink bugs. The larvae, or worms, tunnel in the developing fruits.

The adults are snout beetles about ¼ inch long. They are dark gray to black with lighter gray and brown mottlings. Their wing covers are roughened and bear two prominent humps and two smaller ones.

Plum curculios overwinter as adults in protected places in woodlands, along fence rows and under debris on the ground. They begin to leave hibernating places before wild bush plums bloom, and migrate to wild plum thickets and plum orchards, and to a lesser extent to peach trees. They feed on foliage and flowers until the small fruits form.

The females eat holes in the fruits in which they deposit their eggs. After having placed the eggs, they cut a cresent shaped slit under each cavity. The larvae (worm) complete their development in the fruit in 2 to 4 weeks. When full grown, they crawl out and drop to the soil and to through the pupa stage. The life cycle from egg to emerged beetle requires 5 to 8 weeks.

Control

Satisfactory control of the plum curculio depends on careful application of insecticide. Sprays containing ½ pound of 50 percent dieldrin wettable powder or 1 pound of 25 percent Parathion wettable powder, or their equivalents per 100 gallons of water will protect the fruit from these worms. For smaller amounts use 2 tablespoons to 1 gallon of water.

About the time the petals fall from the blooms, apply first application. The first spray should be followed by two applications at 2-week intervals. Six pounds of wettable sulfur should be added to the petal fall and shucksplit sprays for brown rot and scab control.

Milan Girl Joins Easter Pageant Cast

BELTON—Miss Jane Pratt of Milano is included in the cast of the 19th annual Easter Pageant to be presented at Mary Hardin-Baylor college.

Miss Pratt, daughter of Mr. and Mrs. David Pratt, will take part in the crowd scenes of the pageant which portrays the last days of Christ on earth, beginning with His triumphal entry into Jerusalem.

White Points Out Interpretations In New Egg Law

A serious misunderstanding apparently has arisen between some producers and buyers of eggs on certain points of the new Texas Egg Law, Agriculture Commissioner John White said today.

Reports have reached the Texas Dept. of Agriculture that certain retailers and buyers have refused to handle eggs from the small producers with limited flocks. These buyers have blamed the Texas Egg Law and used it as an excuse for not doing business with the farmers who want to sell only two or three dozen eggs at a time.

"There is nothing in the law that interferes with or prohibits this long-standing business relationship between any producers or buyers," White emphasized. "A retailer, dealer or other egg handler can purchase any amount of eggs from a producer at any time."

Although the law prohibits the sale of inedible eggs, this factor should not jeopardize normal egg transactions with either large or small producers, Commissioner White said. "This type of regulation against inedible eggs, as well as other food products has been in force for years through the U.S. Pure Food and Drug Act. If the usual precautions are taken by both egg sellers and buyers .... just as in the past .. this phase of the law will not place undue restrictions on the trade."

Two main points to remember, said White are:

1. An egg producer, large or small, is exempt from the law ... and all of its provisions .. if he sells only from the production of his own flock on an ungraded basis.

2. The new law is essentially an egg labeling act which requires that eggs sold within the state be properly marked as to size and grade if a grade is claimed, or marked "ungraded" if no grade is claimed. The eggs must meet the specifications indicated on the container if they are sold as graded eggs.

The Big IF

If cancer had been conquered only a dozen years ago — nearly 2,500,000 Americans would not have died of cancer; more than 1,000,000 heads of families would not have died of cancer and more than 35,000 children would not have died of cancer.

ASC Says Funds Due For Milam Acreage

Gib Terry, chairman of the Milam County ASC committee, reports that most farmers who wanted to take part in the 1958 acreage reserve part of the soil bank, but could not file signed agreements because of fund limitations, will apparently be able to sign up at the county office in the near future.

Both the Senate and House of Representatives have approved a supplemental appropriation of 250 million dollars to provide for additional acreage reserve participation.

This will bring the total to 750 million dollars for the 1958 program. Because agreement on some detailed program provisions must still be reached in House-Senate conference, Congressional action on the supplemental appropriation is not yet complete, Terry said.

As soon as final action is taken, the county committees will get the go-ahead for completing the sign-up. Preliminiary steps have been taken by the state ASC committee to prepare the way for immediate action when supplemental funds are authorized.

In addition to farmers who have already filed signed agreements generally covered by the initial appropriation, other eligible farmers will be in position to take part in the enlarged program.

Those will include those whose names are on the waiting list at the county office, and possible others here indicating they made an attempt to participate during the signup period, Terry added.

Terry pointed out there is a legislative annual limitation of 300 million dollars for the corn acreage reserve.

Because the total of signed agreements and other applications on waiting lists would exceed 300 million dollars if all corn applications were completed, some adjustment will be necessary for this crop.

Public notice will be given promptly when the county ASC office is ready to sign additional acreage reserve agreements.

Terry says that in the meantime the county office will be prepared to furnish general information but that farmers should not attempt to sign agreements until official announcements are made.

Ideal Birds Lead In Egg Production At College Station

Ideal H3W hybrid strain cross white legborn chickens are setting the pace in the Fourth Texas Random Sample Egg Production Test at College Station, which has 30 entries from all over the United States registered in the profit grading tests.

Three H3W birds are vying for top position, with the D & C Hatchery of Hamilton in top place, showing an income over feed costs of $1.112. Birds were hatched April 5 and placed in cages August 26.

Second best income, $1,023, was reported from another Ideal H3W entry, from the Golden Oak Hatchery in De Leon, Texas, and the third best showing was the Ideal H3W entry from the Ideal Hatchery in Cameron with a profit of $.967.

The 460 day test now has only approximately 130 days until completion.

The Ideal H3W entry also ranks first in the Missouri Random Sample Tests.

County Agent Notes Plowing, Planting On Upland Farms

County Agent J. D. Moore reported increased activity in county fields where limited plowing and planting were accomplished last week.

He said continued dry weather as that over the weekend would give Milam farmers the chance soon to enter the bottomland for plowing and planting.

Soil moisture continues to be adequate for all spring planting, Moore pointed out, though most fields were wet last week.

Oats and wheat are making excellent growth, he said, while a few fields were treated for clover aphids.

Corn planting started last week in some upland fields that are well drained.

Cotton planting will follow planting of corn and maize. Favorable weather will allow Milam farmers to plant most crops during April, Moore continued.

The livestock picture remains strong with excellent pasture and strong markets.

Cameronites To See US Army Mobile Unit

A United States Army mobile exhibit featuring a guided missile display, among others, will be open to the public the morning of April 2, it was announced today by Sfc. Leo A. Dermody, local Army recruiter.

The exhibit is sponsored by the Fourth U. S. Army Recruiting District with headquarters at Fort Sam Houston, Texas. It is housed in a red, white, and blue air-conditioned display bus which is currently touring the five state Fourth United States Army area.

Cameron Youth Is Top TCU Rifleman

Seven Army ROTC freshman cadets at TCU, including a Cameron youth, qualified as experts recently on the university Indoor Rifle Range with the .22 caliber rifle. Nine other cadets fired sharpshooter, the second highest qualification in firing.

High scorer among more than 100 cadets who participated was Chester L. Sullivan, Fort Worth, a member of the TCU Rifle Team. He fired 189 out of a possible 200 points.

Among the top firers were Dwight C. Hughes, son of Mr. and Mrs. D. S. Hughes, Cameron; Michael Hamilton, son of Mr. and Mrs. J. L. Hamilton, Brownfield; and John T. Lewis, son of Mr. and Mrs. John T. Lewis, Jacksonville.

Crankcase Crisis!

It seems this nice old lady drove into a Phillips 66 Station to fill up with Flite-Fuel. When the attendant checked the dipstick, he found she had only about a quart of oil left in her car. When he pointed this out, she replied: "Fine . . . as soon as I use that up, I'll put in some more!"

Of course the Phillips Dealer explained that she needed five quarts of oil for adequate lubrication!

Now that spring is here, it's time to think about the oil in *your* crankcase. If you are still using "winter grade" oil, it's time to change it. But why use two, when one will do? Better switch to Phillips 66 Trop-Artic* which gives you the effects of 10w, 20 and 30 grade oils. Compared to old-fashioned oils it can actually *double* engine life. Drive in today for your spring change-over.

Stedman Tractor Co. Features Complete Ford Sales, Service

You get power you can depend on with Ford Powermaster tractors available at Stedman Tractor Co., Cameron, according to H. H. Stedman, agency owner.

Stedman points out that his tractor agency features sales and service on all Ford tractors and field equipment and New Holland balers, rakes and mowers.

His company also handles the famous Maytag gas range, washers, dryers and conventional washers. Another product well-known for its efficient operation, Stedman says, is Toro Lawnmowers.

"We have operated a Ford tractor agency since 1946 on the basis of fair price on all our farm equipment, good trade-in allowances on used equipment and the best Ford farm equipment repair in Central Texas."

Smith Manages Agency

Hugh Smith has managed Stedman Tractor since it was opened The agency was moved to its present location, First and North Central, a short time after it was established in Cameron after World War II.

"Stedman Tractor also has excellent service personnel in Leroy Barkemeyer, our service manager, and Herman Reineke, tractor mechanic. Barkmeyer has 10 years of experience while Reineke has about seven," Stedman emphasizes.

Smith points out that Stedman Tractor services what it sells to the satisfaction of the customer.

He says that Ford's 1958 Powermaster Tractors give the user maximum power whether tilling, cultivating or doing any other tractor field work.

"Ford Powermasters are not only powerful but they are built for maximum driver comfort and convenience. One simple step puts him on the easily accessible running board without awkward climbing," Smith says.

And we have a big line of metching equipment to take full advantage of the many outstanding features built into Ford tractors, Stedman says.

"Among our tractor parts are outstanding Ford batteries and a complete parts stock," Stedman notes.

Easy Access

"Our drive-in entrance on First Street gives our customers easy access to the garage and service department, he continues.

Stedman invites all Milam County farmers to visit his showroom this week and see the beautiful, new Ford Powermaster models on display.

"We have the model in stock that you will need for spring plowing and planting. And they will give you satisfactory use for years to come," Stedman points out. "And ask about our New Holland Hayliner baler. 'It bales like a dream.'

"We ask that Milam County farmers consider Stedman Tractor their farm equipment headquarters and Ford the tractor and field equipment they can depend on," Stedman concludes.

Easter Beauty

Glass Florists Feature Easter Floral Offering

Flowers go with Easter like the Easter bunnie and Glass The Florist, of Cameron and Rosebud, has probably their best selection of Easter floral delights in history.

The 27-year-old Cameron floral institution features as always the traditional Easter lilies as well as dozens of other Easter flowers and floral combinations.

Donald Glass, co-owner of Glass, The Florist along with Mr. and Mrs. Lester Glass, lists potted Easter lilies on everyone's must list of Easter flowers.

"But don't overlook the personal touch of a beautiful corsage by Glass for Mother or daughter," Glass points out. "We can make any combination of flowers desired in whatever color needed to match that new Easter outfit."

Botanical Wonders

Glass's Easter offering of flowers and potted plants reads like a who's who of botanical wonders. To name a few, they include Hydrangeas in many Easter colors, Mum plants in yellow, white, orchid, bronze and fushia, Gloxinias in reds and dark purples and a wide variety of cut flowers such as roses, carnations, mums, glads and many others.

"The cut flowers make wonderful corsages, always a memorable Easter gift," Glass continues.

Glass points out that Glass flowers are greenhouse fresh to their customers. Glass, The Florist grows most of their flowers in their own local greenhouses.

"They are really flower-fresh at Glass's," Glass says.

Glass The Florist is also a a member of Florist Telegraph Delivery Association, a world-wide group of outstanding florists that can send flowers to any point of the world by telegraph order.

Fast Delivery

Delivery by Glass is assured in fast, efficient manner with five trucks working in Cameron and one in Rosebud, Glass points out.

"And don't overlook our lovely stock of Cymbidium orchids and charming stuffed toy dogs and cats on display in our showroom. The animals are covered with real animal hair and make a wonderful gift for children or a decoration piece in the home."

"If it's beautiful, it's at Glass, The Florist. We invite your business," Glass emphasizes.

SS Board Cites Walter Marek In Burlington

Walter G. Marek, registrar for the Burlington area and postmaster for Burlington, recently completed five years of service with Selective Service as registrar.

In a letter to Marek from Col. Morris S. Schwartz, state director of Selective Service Marek was commended for his service.

"It is with a great deal of pleasure that I send you the enclosed Certificate of Appreciation for five years of patriotic service to your country as an uncompensated member of the selective servie family," said Col. Schwartz in his letter.

August G. Kunz, chairman of the Milam County board, joined Col. Schwartz in a letetr to Marek rommending him for the excellent service rendered Milam County young men and the local board.

"The young men of Milam County are indeed fortunate to have you as their registrar in the Burlington area, thus saving them the time and expense necessary in traveling to Cameron for the purpose of registering, and we, the Milam County board, are fortunate to have such a conscientious registrar to represent us in Burlington," said Kunz.

Nick Nabours Heads McMury College Cast Of 'Oliver Oliver'

Nick Nabours made his second appearance with the McMurry Theatre as leading man in the Spring Production "Oliver, Oliver" by Paul Osburn.

Last semester he played the dramatic role of the son in "An Inspector Calls" by J. B. Priestly.

A junior at McMurry College, he is the son of Mr. and Mrs. Charlie Nabours, Cameron. He is majoring in English and is an active member of KIVA Social Club, Sigma Tau Delta English Fraternity, Circle K Men's Club, Men's Forum and the McMurry Drama Club.

Upon receiving his degree from McMurry he plans to attend Drew Theological School in Madison, New Jersey.

The production, a sophisticated comedy, was presented to a full house each evening last week. Following the final presentation Saturday a reception was held for the cast and their guests.

Auditions To Test Juniors, Seniors For Scholarships

BELTON—Auditions will be held on the campus Saturday, April 26 for high school juniors and seniors interested in auditioning for fine arts scholarships.

Scholarships will be available in three fields — arts, music and speech, Dr. Arthur K. Tyson, president, has announced. Awards will be full or partial scholarships.

Each person competing for an art scholarship must submet two compositions. Contestants auditioning in music may seek scholarships in more than one area but only one award will be given per individual. Each person will sing or play two numbers, preferably of contrasting style.

Students interested in speech awards may try out in three divisions public speaking, oral interpretation, and drama, but only one scholarship will be awarded per individual.

THE LITTLE RIVER PHILOSOPHER

Dear editar:

For the past few weeks I've been reading everything I could get my hands on about the cause and cure of recessions, and so far all I've been able to figure out is that a recession is like a virus ...medical science isn't sure what causes it or what cures it but it has no trouble discovering when you've got one.

However, there's been an argument going on over one of the proposed cures of the recession that interests me.

According to one expert, the way to cure the recession is to cut income taxes 20 per cent, starting next week. This way, he says, everybody who gets paid by the week and has his income tax withheld from each pay check, which is the installment method of paying taxes, would have a little more money to spend, and any close student of human nature knows he'll spend it, which will increase the demand for goods, stir the factories up, and get things rolling again.

Another expert though argues that if you cut income taxes 20 per cent now just intending to keep em cut for the duration of the recession, you'll hit a stump when you try to restore em later on when things are booming again. He says it'd be dangerous to tamper with the tax rate.

Frankly, I can't follow this line of reasoning, and think it demonstrates a gross lack of confidence in the government. I have never seen a government, from the local level to the state to Washington that couldn't manage to raise taxes when it really put its mind to the job. People have been running for office on a platform of more economy and getting elected since elections were invented, and the cost of government has been going up steadily from the same date.

Understand, I'm not saying government ought to cost less, or more, I'm just saying that anybody who thinks any government can't figure out how to restore a tax, is just not familiar with modern governmental leaders, regardless of which party he runs under.

If cutting taxes for a few months will end whatever recession we've got, I say go ahead and try it and don't be worrying about Congress' ability to restore it later on. I've got confidence in Congress. I figure it'll restore my tax the minute it figures I can pay it, and frequently it jumps the gun and does it before I'm ready.

Yours faithfully,
J. A.

Capitol Report

'Needle Time Starts' In State Politics

By Vern Sanford
Texas Press Association

Austin—It's "needling" time in Texas. That is the period when those in office start feeling the barbs of those who have their eyes on the same office.

Filing deadline for the summer's primaries is May 5. In any pre-election period the "outs" have a busy season of looking for "bugs under chips." Any likely looking "bug" is hauled out to test public reaction on its value as future campaign fodder against the "ins."

But this year no one has to look hard. Texas' problems are all too obvious. Unemployment highs persist stubbornly into spring weeks. Oil, the state's No. 1 moneymaker, is seriously bogged down. A multi-million-dollar deficit in state revenues is in prospect.

Hence: an open season for "viewing with alarm" and prospect of lively campaigns if some hard runners line up for major offices.

No More Specials

He sees no need of a special legislative session now, says Gov. Price Daniel, because the state government is already pushing an anti-recession program.

Governor Daniel s statement was in reply to a demand by the president of the Texas AFL-CIO for an 8-point program to combat unemployment. Jerry Holleman challenged the governor to back up his philosophy of "states rights" by meeting "states responsibilities." His "points" included revision of unemployment compensation laws, speeding up spending programs for buildings, highways, water projects, etc.

Daniel retorted that Holleman's demands took no note of work already moving apace. Texas, he said, "did not wait for a recession to exercise its responsibility of providing highway, water conservation, attraction of industry, increased salary and building construction programs.

"This one reason for the situation in Texas is much better than in most other states."

"I have every confidence," said the governor, "that the prophets of gloom and doom will not talk us out of a continuation of our unparalleled progress."

Water Board Commended

Governor Daniel fired back a specific reply to the AFL-CIO's urging to "push the water conservation program."

Water conservation has been one of Daniel's "most-pushed" projects since gubernatorial campaigning days.

Daniel said in effect, the new Water Development Board had moved in a cloud of dust to get organized, set up rules, establish procedures, begin hearings and give preliminary approval to two projects ... all within 90 days after taking oath of office.

Two projects, if finally approved, would lend $5,000,000 to the Sabine River Authority for a new lake and $350,000 to the Williamson County Water District No. 1 for a water diversion project.

TEC In Fuss Parade

Internal fussing contagious with state boards has spread to the Texas Employment Commission. AFL-CIO is stoking the fire from outside.

TEC's member representing labor, R. F. Newman, blasted the fuss into orbit by accusing the other two members, Chairman Perry Brown and Maurice Acers, of dealing him out of policy decisions. Brown represents the public and Acers the employers.

Argument focused initially on policy toward employes within TEC itself. Newman contended morale of TEC's 2,000 employes was shot. They live in fear, he said, of knife-in-the-back retaliations, salary cuts and demotions when their decisions offend trade groups, corporation lawyers or volunteer legal counselors.

Acers retaliated in a letter to trade organizations and employers charging Newman and "representatives of organized groups" with using the recession to gain their own ends.

That brought AFL-CIO leaders into the fray. State President Jerry Holleman fired back that Acers was flagrantly wasting state funds for propaganda purposes. Acers was also accused of denying just claims for unemployment compensation and forcing workers to go to court for rightful benefits.

Acers had a reply for that too. Merely another attempt by AFL-CIO to influence commission policies, he said.

TEC supervises collection of unemployment taxes from employers and payment of benefits to unemployed workers.

RAILS THAT NEVER RUST

Gleaming in the midday sun ... shimmering under the moon's pale glow ... afire with gold as the night headlights bear down ... rails that never rust.

Rolling wheels won't let them!

Some folks wonder whether it's important to go to Church *every* Sunday. Why not twice a month—or now and then—or at certain special seasons?

When the wheels stop rolling: RUST! When we relax in our quest of God or interrupt our pursuit of faith, then all the destructive influences in life begin to attack the soul.

The Church helps us keep open our spiritual *right of way*. And not only church-worship, but personal prayer, Bible reading and family worship rightfully deserve a place on our timetable.

THE CHURCH FOR ALL ... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

X-Ray Unit Due In Milam County For Entire Month

The TB X-ray Unit will be in Milam County on the following dates:

Thorndale	April 28 - 29
Rockdale	April 30
	May 1 - 2
Buckholts	May 12
Cameron	May 5-9

The location of the X-ray Unit and the hours of operation will be announced at a later date.

The primary purpose of the chest X-ray program is to help the community find unknown cases of tuberculosis in the effort to eradicate this infectious disease, health officials said.

Heretofore all applying have been given free chest X-rays, but some restrictions will apply this year. A medical reference card should be presented at the time of the X-ray, by all persons under 50. These cards can be obtained from any member of the Milam County Medical Society or from the Milam County Health Department.

Persons in the 50 above age group do not need a card as everyone in this group should be X-rayed annually. This group is the major source of tuberculosis cases in Texas. Two-thirds of the abnormal X-ray film reports concern persons 50 years of age and above. The average age of admissions to State TB Hospitals is in this group and the trend is upward. Sixty-five percent of the deaths from tuberculosis in Texas last year were in this group, authorities said.

The 20 - 49 age group will be X-rayed on the basis of good medical reasons: (Tuberculin test reactors) (Contacts of known TB cases) (People living in high TB prevalence areas) (The medically indigent) (Those sent in by family physicians).

In the 15 - 19 age group only those who have a record of having a positive reaction to a tuberculin test will be given a chest X-ray. The Milam County Health Department will tuberculin test all Milam County high school students whose parents sign the tuberculin request slip. Medical reference cards for free chest X-rays will be given to all positive reactors and their families.

SOCIETY

Civic Garden Club Sets 2nd Iris Show

Mrs. Frank Schiller, General Chairman for the Second Iris Show for Cameron, sponsored by the Civic Garden Club, has announced that plans have been completed and that the show will be held April 16 in the Recreation Room of the First Christian Church.

The show will be open to visitors from 2 to 6 p.m.

Mrs. Leo Fuchs, schedule chairman for the show, presented copies with explanations to members and copies will be mailed to persons exhibiting last year. Others desiring a schedule should call Mrs. Schiller or Mrs. Fuchs.

All specimen Iris must have been grown by the exhibitor and may be entered according to color. An exhibitor may make only one entry of one variety in a class but may enter more varieties and as many classes as desired. An exhibitor may also enter a collection of three different varieties of one color," explained Mrs. Fuchs.

Tricolor Ribbons and a named rhizome will be awarded to each of the following: the exhibitor winning the greatest number of first prize points, the best specimen in the show and the best collection. Containers in which to exhibit must be furnished by the exhibitor.

The show is open to exhibition to any one interested and participation is invited and encouraged. Mrs. Schiller stated that "Many fine iris are grown in Cameron and it is hoped and expected that the show will be greater and of finer quality than was the excellent show last year."

An added feature for the show this year will be flower arrangements, featuring iris, made by appointment. An American Iris Judge will be included in the panel of judges.

Other committee chairmen appointed by Mrs. Schiller are: Classification, Mrs. Alvin Dusek; Entry, Mrs. J. D. Moore; Secretary, Mrs. Cato Sheerer; Staging and Placement, Mrs. G. A. McDermott; Judges and Luncheon, Mrs. R. G. Grabein; Publicity, Mrs. Leo Fuchs; Hospitality, Mrs. W. R. Newton, Sr.; Clerks, Mrs. Thomas Raymond.

Delphian Club Has Program, Sets Plans For May Flower Show

Mrs. J. H. Asher was hostess for the Delphian Club at her home Tuesday afternoon.

A program on Antiques was presented by Mrs. Niley Smith. Using a display of antiques to illustrate her talk, Mrs. Smith gave some background on the word Antique and how its meaning had changed through the years. She also described shrines that have deep meaning to Americans including The Alamo, St. Augustine Florida and North Church in Boston.

Miss Mildred Thornton, general chairman for the Delphian Club Flower Show announced that the show will be held May 6 at the First Methodist Church.

Following the program Mrs. Asher served refreshments of orange roll, mints, nuts and coffee.

IRS Advises Ways To Save Money Before April 15

"Taxpayers can save money for themselves and the federal government by doing three things," A. P. Andrews, Administrative Officer in Temple, Texas, of Internal Revenue Service said today.

The money-savers are listed in this order.

First, tax-payers are urged to prepare their own 1957 returns. By using information that comes with tax forms and with other available booklets, "the average taxpayer can do his own return."

Second way to help yourself and Uncle Sam save money is by checking and re-checking that 1957 return before dropping it in the mail box. By being certain that both husband and wife have signed, if it's a joint return, and by attaching a W-2 form for each job the taxpayer held during the taxable year, you can save money and perhaps, "hurry that refund check - if you have one coming."

Third money saving suggestion is to "file that return for '57 just as soon as possible after January 1, 1958. Last minute (April 15) filers are more apt to make costly errors.

Rooster and Pat Bailey, sons of Mr. and Mrs. James Bailey, have been ill with measles.

Fashion Show Is Set For Monday By TWU Grads

Milam County homemaking girls will be honored at a fashion show April 10 at 7:30 p.m. in Rockdale High School.

The show, sponsored by the Milam County chapter of the Texas Woman's University Alumnae Association, will feature students from advanced clothing and costume design classes of the College of Household Arts and Sciences at Texas Woman's University modeling their original experimental designs.

Rockdale Homemaking Department will be co-hostesses for the show.

Mrs. James Kahler, vice-president of the alumnae chapter announced that dresses designed by the girls are made of new soil and wrinkle resistant cotton, some of which was furnished by Cone Mills. Dr. Bethel Caster, associate professor of clothing and textiles at TWU, assisted the students with their designs which included rainwear, day-time dresses, after-five creations and evening gowns.

Mrs. Kahler added that all high school girls in Milam County had been invited. The chapter also invited girls from Hearne, Lexington and Taylor. About 300 guests are expected to attend.

Sharp PTA Hosts Athletic Banquet

The PTA athletic banquet was held in the Sharp school building Friday night with all high school students and teachers as guests.

An Easter theme was used in decorating the banquet hall. Easter eggs, nested in greenery, formed the centerpieces for the refreshment tables and Easter rabbits served asplace cards.

Following the banquet a dance was held in the study hall.

Queen Contestants Named By 4-H Club

Joyce Fuchs, LaNelle Morrow and Janette Richter were nominated to run for club queen during the county-wide 4-H Club meeting March 22.

Bennie Whiteside presented a program on "Handling Isectides Safely" for the boys and Mrs. Alice Hughes gave the girls program, "Good Milk for Good Foods."

Electric Cooking
clean and fresh
as a spring breeze!
Keep your kitchen as fresh as the fragrance of spring. With an odorless electric range there is no smoke or soot to smudge your kitchen walls or curtains. Your pots and pans stay bright and shiny too. In electric cooking the clean, flameless heat goes into the food being cooked and gives you a cooler, fresher kitchen. These advantages, plus automatic time and temperature controls will give you more time to enjoy modern living the electric way. Follow the kitchen trend—see your electric range dealer soon.
Reddy Says: For a few cents more you have the best—electric cooking!

Miss Gertrude Batla

Gertrude Batla Announces For Milam Treasurer

Miss Gertrude Batla, a life time resident of Milam County, today authorized The Herald to announce her candidacy for the office of County Treasurer of Milam County, subject to the action of the Democratic Primary on July 26th.

Miss Batla requested that this newspaper print her announcement as follows:

"I was born on a small farm three miles northwest of Cameron and I have lived here in Milam County all of my life except for various periods of employment. I attended and was graduated from Yoe High School in Cameron and I am a member of the First Presbyterian Church in Cameron."

"I have worked for a number of years in various government jobs, including Army and Air Force exchanges at Camp Swift, Texas, Lackland Air Force Base, San Antonio, Carswell Air Force Base, Fort Worth, and Fort Sam Houston, San Antonio. In these jobs it was my personal responsibility to handle and take care of very large sums of money. It is my belief and feeling that the experience and responsibility which I had in these several positions, involving integrity, responsibility, and bookkeeping knowledge, qualify me for the office of County Treasurer of my native county."

"It is my intention and desire to see every voter in Milam County between now and the election. I will appreciate very much your consideration of my candidacy and I take this means of earnestly soliciting your vote and support."

—Miss Gertrude Batla

Mrs. Ida Johns Announces For Treasurer Post

Mrs. Ida A. Johns, incumbent treasurer of Milam County, has announced her candidacy for re-election to the post, subject to action of the Democrati Primary July 26.

Mrs. Johns said she has been carrying out the duties of the office of county treasurer for the past six years and has served without an assistant, saving the county an additional salary expense.

A resident of Route 2, Cameron Mrs. Johns asked for the support and votes of Milam County voters, saying she would deeply appreciate the support of all county voters in seeking re-election.

Mrs. Johns told The Herald that she would merit the confidence of county voters if re-elected as Milam County treasurer.

NOTE OF APPRECIATION

I wish to thank all the voters of Cameron for their expression of confidence and support in re-electing me to the post of councilman, Place 1, in the city eletions Tuesday. I will ontinue to work in the interests of better government and for the people of Cameron.

Roy Griffith
City Councilman

Southwest Life Reports 57 Gain, J. M. Wiggs Says

Further progress in Southwestern Life insurance and investment services in the Southwest during 1957 was reported by James M. Wiggs, representative for Southwestern Life Insurance Co., Cameron.

The company's agency force established a new record in production for the ninth consecutive year, it reported in its 55th annual financial statement.

According to President J. Ralph Wood, Dallas, the company issued $265,256,001 of paid-for new business and the record calendar year gain in force increased total ownership of Southwestern Life Insurance to $1,615,486,922.

Southwestern Life policyowners and beneficiaries received a record $25,215 156 in benefits during 1957. On December 31, 1957, assets amounted to $418,163,384, the financial statement shows.

Surplus funds, including capital, surplus and contingency funds, totaled $48,530,216, or about 13.8 percent of total liabilities.

Investments during the year by Southwestern Life averaged over $4,800,000 per month, Wiggs said. Outstanding investment in individual, corporate and public loans totaled more than 200 million dollars, 48 percent of Southwest Life's assets.

Wiggs has been representing Southwest Life in Cameron since the first of the year.

NOTE OF APPRECIATION

I would like to thank the citizens of Cameron for their support during the recent city election. I further thank all the voters for their interest in the election, whether or not they voted for me personally. A strong vote means keen interest in civic government, a thing we are all interested in. I hope the new mayor and council can work together in harmony for continued progress in Cameron's city government.

Rev. Russell Reviews Christ' Resurrection

By Rev. Aubrey F. Russell
Pastor
First Baptist Church

"He is risen" is the simple but wonderfully profound statement of the angels and the disciples as they witnessed his resurrection.

The Christian faith and hope is rooted in the conviction that Christ is risen. No other question involves so much. If Christ is risen then he is more than man. He is God. He must be reckoned with as God if he is risen. There may be many speculative questions of interest in relation to our faith but this is the foundation. No question should be given priority to this. Settle the question of the personal resurrecion of Jesus Christ and all other questions become relative. This is the thing that matters, His resurrection.

This is the faith that transformed the early disciples and church. The church began to disintegrate immediately after his crucifixion. Fear gripped them. They hid behind locked doors in Jerusalem or went despondently, hopelessly, to their homes as did those returning to Emmaus. They were defeated. The most they could say was, "we trusted that it had been he which should have redeemed Israel." Hope was now dead. Faith was buried as deep as the grave of Christ. They were victims of unbelief. Thomas said "Except I shall see in his hands the prints of the nails, and put my hands into the prints of the nails, and thrust my hand into his side, I will not believe." The announcement of those who were first to see Christ brought this record to light, "their words seemed to them as idle tales, and they believed them not." They were not disposed to believe. Testimony was not received uncritically.

Resurrection was against their experience and stateo expectancy. It took valid and overwhelming evidence to convince them that Christ was risen. Like Thomas they at last cried, "my Lord and my God".

The resurrection is the thing that transformed the disciples and church from broken, defeated, discouraged, and weak men into spiritual and moral giants. They became new men after this. Certitude took possession of these wavering folk. Assurance became the characterizing feature to identify them. They were infused with the conviction that this was central in their faith. Their whole outlook on life was determined by this factor. Faith was grounded in the person of Christ and in particular in his resurrection.

Easter and each Lord's Day is a monument to his resurrection. His disciples gather now as then on the Lord's Day to worship him as God and sing hymns of praise to his name. The measure of joy in worship experienced by the individual and the church is determined by the clearness and definiteness with which they grasp and realize this central fact, "CHRIST IS RISEN".

The Lord's Day is a day of joy and gladness for all those who enter into the treasures of His resurrection. If his life and death is the foundation of our faith then the capstone is his resurrection.

The churches of Cameron and Milam County invite you to be with them Easter and each Lord's Day to worship him who has conquered our last enemy, even death.

"Enter His Courts with joy and His house with gladness".

Easter Drive Nets $493 In County For $1,000 Goal

Richard Williams, treasurer of the Milam County Crippled Children's Society Easter Seal drive, announced today that $496 of the $1,000 goal has been received to date in the county drive.

Williams added that the drive would continue through April.

Society workers mailed 3,600 letters to Milam County residents March 11 containing Easter Seals. Those receiving letters were asked to mail checks for $1 or as much as they could spare and to keep and use the stamps.

"This is the only national organization which aids all types of crippling caused by disease or accident" stated Mrs. Bill Burns, county board president. She also reminds countians that funds are used to rehabilitate crippled adults.

State Okays Fund For FM 486 Bridge

The Texas Highway Department has budgeted $146,000 for construction of bridges across Little River on FM Rd 486, southwest of Cameron.

Construction plans call for a new length of 0.7 mile of approaches and bridges along FM Rd 486 across Little River. They were washed out or weakened by flood-ratio rains last year.

Plans call for construction to begin as soon as possible, the construction order said.

Recent guests in C. W. Bradbury home were Mrs. H. Clay Watson, Waco, Miss Ann Bradbury, Austin, and her fiance's mother, Mrs. A. B. Elliott of Victoria.

Every Bass Fisherman Hopes For Big Catch; Try Jigging In Deep

By Vern Sanford

Everyone who fishes for bass hopes some day to land a grandpappy. Not that they are any better eating.... it is just the pride in catching one bigger than you've ever taken before.

Well, if you've tried everything else, here is a suggestion that may be worth something. It has paid off. Whether it does for you may depend on luck as well as ability.

Some call it jigging. Actually it is just plain horsin'. You might call it bottom fishing with a heavy rig. But it does, occasionally, pay off with a big bass.

Naturally you must have good bass water. Always in bassy water there is an area that looks good, but is unworkable with light lines. You can do it, however, with a heavy rig.

The best spot is at the base of big tree trunks that stick out of the water, or where there is considerable brush under the water. Rig up your light salt water tackle, or use a good stiff action rod with a heavy reel loaded with from 20 to 30 pound test line.

The bait doesn't make too much difference, if it is something that will attract the bass. Right now some of the fishermen are using those black plastic worms or black eels. They have a good heavy sinker on the terminal that will take the bait to the bottom. After it has had a chance to settle down, work it only slightly and not too often. Just an occasional movement up and down. The chances are a big bass already has spotted it. He's not likely to be in a hurry to attack. You may spend a half-hour there, but don t take the lure out. Finally the old bruiser can't stand it any longer and he rushes it.

Set your hook and start up all with the same motion. Don't give him a chance to wrap the line around a limb or crawl under a fence. More depends upon your retrieve than most anything else. That's the reason you need a good heavy line, one with which you can hoist him out.

When you are fishing for th big ones it is man against fish. If you land the fish you are the best. After you get him on the stringer find a new location and start all over again.

Will it work? Try it yourself.

There is another way you can use the same rig except for the lure. This time use a deep running, large plug. You might even want a trailing jig. Troll it fast through good bass water, and deep. That's why you'll need the heavy equipment, so you can pull it deep.

This is being done every day on Texoma with wonderful results. You may not do it the first time, but the idea is worth a little practice.

Again, will it work? Again, try it.

Gar Fishing

It won't be too long until gar fishing will be coming along again. Over near Madisonville they are catching some of these big tackle busters already. Recently two were taken in Blue Lake on the east side of the Trinity, about 25 miles northeast of Madisonville.

One of them weighed 118 pounds and the other 74, with more than a score of smaller ones.

The gars were taken in gill nets. However, they can be taken on rod and reel and there is plenty of fight in doing it.

Ice Fishing

We don't have ice fishing in this part of the country but occasionally we do have some real chilly weather. Fishermen on Lake Texoma have found a way to help overcome some of the chill. They are using charcoal heaters in their boats.

Others use gasoline stoves for the same results.

While we believe in comfort, we hesitate to recommend a stove for a small boat. It's taking a lot of chance, especially in a boat where there is a gasoline tank or extra can of fuel.
